# **Where to buy 12 volt inverter in Maseru**

## Overview

---

What is a 12 volt power inverter?

Nowadays, power inverters are very common, especially the 12 volts kind. These devices help to convert direct current (DC) electricity into alternating one (AC). Inverters are used in various appliances like computers and other household amenities. Since most homes use AC voltage, these inverters aid to transform DC for appliances that need it.

Do you need a plug-in or hardwire a power inverter?

Inverters are used in various appliances like computers and other household amenities. Since most homes use AC voltage, these inverters aid to transform DC for appliances that need it. The choice of whether to go for a plug-in or hardwire your power inverter will depend on your personal preference.

Do you need a 12V battery inverter?

Nowadays owners of residential solar systems rarely use 12V batteries and instead pick 24V or 48V. However, 12V batteries are very popular among boat and RV owners. For this reason an 12V battery inverter is perfectly suited for a ship or recreational vehicle.

How many Watts Does a PT-inv inverter have?

Model pt-inv-6.5kva 48vled, wall-h continuous output power 6000w surge rating (20s)6500w output. Model pt-inv-4kva 24v-color led, wall-h continuous output power 3500w surge rating (20s)4000w output. Used Like new Prag 2.5KVA Inverter . Working perfectly well
