## Overview

---

What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

What is a battery cabinet?

Our battery cabinet, also known as a battery enclosure or battery rack, is a specialized cabinet or housing designed to store and protect batteries used in various applications, including backup power systems, uninterruptible power supplies (UPS), renewable energy storage, telecommunications, and electric vehicles.

How do I choose a lithium-ion battery storage cabinet?

When selecting a lithium-ion battery storage cabinet, consider the following:  
**Capacity Requirements:** Ensure the cabinet accommodates the quantity and size of batteries used in your workplace.  
**Regulatory Compliance:** Choose a cabinet that meets safety standards for Class 9 Dangerous Goods.

What are the different types of battery cabinets?

Battery cabinets come in various sizes, ranging from small cabinets for a few batteries to larger cabinets for industrial-scale installations.  
**Ventilation and Cooling:** To maintain optimal battery performance and extend their lifespan, battery cabinets often include ventilation and cooling systems.
