

**EQACC SOLAR**

**Which company makes wind power for domestic solar container communication stations**

## Overview

---

Who makes wind turbines?

German firms such as ENERCON and Nordex, as well as China's Mingyang Smart Energy and Envision Energy, are also key players shaping the future of wind power. This ranking highlights the top 15 makers of wind turbines worldwide, according to their installed capacity as of October 2025. 1.

Which wind turbine manufacturers dominate the world?

As the world accelerates its shift toward clean energy, the competition among wind turbine manufacturers is at an all-time high. Leading wind power turbine manufacturers like Vestas (Denmark), Siemens Gamesa (Spain), Goldwind (China), and GE Vernova (France) continue to dominate global markets with massive installed bases and expanding order books.

Who is the largest wind turbine manufacturer in 2025?

1. Top 15 Largest Wind Turbine Manufacturers in 2025 (according to installed capacity) 1.1. Vestas (Vestas Wind Systems A/S) Vestas Wind Systems A/S (Vestas ) is the largest wind turbine manufacturer/supplier in the world with an installed capacity of more than 189 GW including 10 GW of offshore wind turbines.

Who is the largest wind turbine manufacturer in China?

Goldwind is the largest wind turbine manufacturer in China and third in the world in terms of installed capacity. The Chinese manufacturer has installed more than 138 GW of wind energy around the world.
