Overview

What is a 40 ft shipping container?

These shipping containers are constructed from heavy-duty 14 gauge steel and are quickly becoming the most affordable and versatile option for different uses. Our 40' shipping containers come in various sizes, so you can find one that will fit your needs. Single-trip/One-Trip 40ft Shipping Containers are considered “new” in the industry.

What can a 40 foot container be used for?

The 40 foot container can be transformed into extra work space, outdoor living areas, or even portable classrooms. These containers are weatherproof and suitable for custom modifications. The bigger the container, the bigger the amount of possibilities.

Should I buy a used 40ft shipping container?

If you're looking for affordable and versatile storage space, consider purchasing a used 40ft shipping container. Used 40ft containers are an excellent static storage solution as they have been retired from international shipping after an average of 15-20 years at sea.

How much cargo can a 40ft container hold?

Compared to a 20ft shipping container, a 40ft container can pack a whopping 2.53 m of cargo for every ton of weight. Meaning, a 40' container can hold up to approximately 26.76 tons of cargo. 40ft units can be used for commercial, residential, and shipping industry applications.
