

EQACC SOLAR

Wholesale 4000 amp switchgear in Slovenia

Overview

Who is SGC – switchgear company?

SGC is an independent manufacturer of medium voltage switchgear solutions worldwide. We have more than 45 years worth of experience in the development and production of medium voltage cubicles from 1 kV to 24 kV, for both indoor and outdoor applications. SGC – SwitchGear Company provides reliable products for electrical distribution applications.

What is a 4000A switchboard?

A 4000A switchboard is a type of switchboard commonly used in various industries for low and medium voltage applications. All main switchboard components within 4000A switchboards, including busbars, circuit breakers, and switchgear, are coordinated to work together effectively and safely to distribute power throughout the system.

Where are switchgears made?

Each and every switchgear is built in this single factory in Belgium and our engineers are literally just one foot away from the production floor. Supervisors and managers are out on the floor. When a change needs to happen, they can be on the assembly line instantly implementing those changes.
